Re: 1041 Permit No. 2008-002 Roadway Maintenance Requirements

Mr. Fredell,

We are submitting this letter per Colorado Springs Utilities (CSU) 1041 Permit No. 2008-002 P&D Resolution No. 09-22 Condition 13, County Road Improvements and Restoration and Mitigation Appendix CR-5, Haul Route Plan and CR-7 Cash Payment/Escrow/Other Financial Instrument. Pueblo County acting by and through its Public works Director is requesting that CSU begin maintenance on the Haul Route Plan roads, which are beginning to show signs of deterioration. Our staff met onsite with representatives of CSU Tuesday February 21, 2012 to discuss initiating maintenance, define locations of road deterioration, acceptable methods of maintenance and timelines. Further discussions of maintenance of Haul Route Plan roads are scheduled between CSU representatives and this department.

Please do not hesitate to contact me if you have any questions or concerns regarding this matter.

Cordially,

Robert C. Schmidt II, County Engineer/Director of Public Works
