Colorado Springs, Colorado 80947-0930

Re: Roadway Excavation Permit; Southern Delivery System, South 1, Spaulding Avenue

Mr. Binkley,

Per your request for release from the warranty for Utility Excavation Permit 120280 and 120281, (Permits) issued by Pueblo County for the Southern Delivery System (SDS) South 1 road crossing of Spaulding Avenue, completed on April 27, 2012, we find the following. Permits were issued per Resolution 1986-283, (Resolution), and under Section 2, Subsection 2.3; Bonding, Insurance and Warranty Requirements, a two year warranty period is stipulated for work done in Pueblo County right-of-way. A field inspection did not show any damage to the road or right-of-way and the work performed appeared to adhere to the Resolution, therefore; the work covered under the Permits is found to be in compliance with the Resolution and Colorado Springs Utilities is relieved of any further responsibility under the Permits.

Please do not hesitate to contact me if you have any questions or concerns regarding this matter.

Cordially,

David Benbow  
General Services Engineer

c: Alf Randall, PE, Acting Director of Engineering and Public Works   
Joan Armstrong, Director of Planning and Permit Administrator for SDS  
Greg Styduhar, Pueblo County Attorney
