PO Box 1103, Mail Code 930  
Colorado Springs, Colorado 80947-0930

Re: Roadway Excavation Permit; Southern Delivery System, South 2

Mr. Binkley,

Per your request for release from the warranty for Utility Excavation Permits number 110465 and 120282, (Permits) issued by Pueblo County for the Southern Delivery System (SDS) South 2 road crossings, completed on September 21, 2012 and September 19, 2012 respectively. The Permits issued per Resolution 1986-283, (Resolution), and under Section 2, Subsection 2.3; Bonding, Insurance and Warranty Requirements, a two year warranty period is stipulated for work done in Pueblo County right-of-way. A field inspection did not show any damage to the road or right-of-way and the work performed appears to adhere to the Resolution requirements, therefore; the work covered under the Permits is found to be in compliance with the Resolution and Colorado Springs Utilities has satisfied the above mentioned Warranty responsibility under the Permits.

Please do not hesitate to contact me if you have any questions or concerns regarding this matter.

Cordially,

David Benbow  
General Services Engineer

c: Alf Randall, PE, Acting Director of Engineering and Public Works *AR*  
Joan Armstrong, Director of Planning and Permit Administrator for SDS  
Greg Styduhar, Pueblo County Attorney
