Subject: Re: Notice of Public Hearing Permit no. 1041 2019-003

Dear Ms. Wallingford-Ingo,

Thank you for submitting our letters and documents to the final staff report.

I am happy to explain the petition signatures that I dropped off at your office on November 13th. Some of the pages were collected last year for Permit #1041 2018-002 and since the new permit 2019-003 is of similar nature, including the proposed route, I resubmitted some of the forms with reference to this years filing.

I went door to door last year and spent many days speaking to residences who would or would not be directly affected and the citizens who signed the petitions did so willingly. I explained that this is not just a "not in my backyard" issue, but a concern for Pueblo West citizens as a whole. I just gave neighbors the facts as I knew them and then citizens signed the petition form so that their opinions would be recognized. I am the circulation resource for the petitions that were submitted.

I carry with me, informational fliers that explain community meetings and the Notice of Public Hearing(s). These were handed out to interested parties if they were unaware of the proposal. I also informed people of the Planning and Development website to find out more information about the 1041(s).

Some of the petition pages are signatures from neighbors of Pueblo West that came to various meetings this year and last. I had petition and email forms available for citizens to sign at all of these meetings. How people were informed of community meetings and any other meetings of interest was through a collected email list and from posting on Pueblo West Facebook sites and Nextdoor, a free private social network for neighborhood communities.

I hope this answers your questions and please feel free to contact me with any other concerns.

Sincerely,

Pamela A. Kuhrt

Good Morning Ms. Kuhrt:

Thank you for providing the information that was dropped off on Wednesday, November 13th. I will make sure to incorporate the documents into the final staff report.

Can you please provide me some additional information regarding the petition you submitted, including:

Who circulated it?

Were the comments solicited on a door to door basis or at a specific location?

Good Morning Ms. Kuhrt:

Thank you for providing the information that was dropped off on Wednesday, November 13th. I will make sure to incorporate the documents into the final staff report.

Can you please provide me some additional information regarding the petition you submitted, including:

Who circulated it?

Were the comments solicited on a door to door basis or at a specific location?

Was there was a cover letter or summary provided to the parties who did sign the petition?

Since these types of questions are usually asked of staff, I would like to be able to include the information in conjunction with the reference to the petition.

Dear Ms. Wallingford-Ingo,

Thank you for your email. It is good information and I'll pass it on to members of our group. Please let me know if you hear from Black Hill's regarding a more descriptive map. When your department generates a map
